

## **Information about our school**

Primary school De Regenboog has been giving color to the southern part of the Overbos residential area in Hoofddorp for 30 years.

We are a Christian school where ...

- \*Norms and values are important.
- \*Every child is known and appropriately challenged.
- \*There is a great bond between students, parents and school.
- \*A constantly learning stable team stands.
- \*Prisma classes offer an extra challenge.
- \*Attention is paid to art, culture and talent development.
- \*English from group 1 is present in our offer.
- \*Where good nutrition and exercise receive daily attention. We also have cooking classes.
- \*A great deal of attention for ICT is, among other things, provided by a specialist ICT teacher who gives weekly lessons using Chromebooks.
- \*Every parent has access to our beautiful "Regenboog App" which gives you a peek into the classroom.
- \*We work with a continuous schedule whereby children from groups 1 to 8 have the same school hours.
- \*In short, a small-scale school with a cozy atmosphere!
